DIVYANGJAN POLICY

The Government of India established the national policy for persons with disabilities, which addresses the educational rehabilitation of individuals in this community. At Shree Sathyam College of Engineering and Technology, the Policy for Divyangjan students recognizes the valuable contribution of persons with disabilities to the institution. It aims to create an environment that offers equal opportunities, protects their rights, and encourages full participation in the academic setting.

- SSCET offers mechanized tools such as wheelchairs to assist students with disabilities.

- It provides disabled-friendly infrastructure, including ramp facilities for easy accessibility.

- Disabled-friendly restrooms equipped with wheelchair-accessible approaches are available on campus.

- Signage boards are strategically placed in prominent areas to ensure a barrier-free environment.

The facilities provided for them are listed below:

1. Ramps and special chairs.

2. Disabled-friendly washrooms.

3. Display boards and signposts

4. Screen reading software for Divyangjan

1. **Ramps and special chairs:** Students with mobility limitations encounter environmental and social obstacles that can affect their educational performance. At SSCET, we offer wheelchair facilities to provide easy access to classrooms. Additionally, user-friendly ramps have been constructed in our main building to facilitate

Wheel chair and Ramps for easy access

2. **Disabled-friendly washroom:**   Dedicated toilets are provided for individuals with disabilities, clearly marked and easily accessible. The doors are wide and can be locked from the inside and opened from the outside if needed. There is ample maneuvering space inside, and amenities such as mirrors, flush controls, and dispensers are mounted at appropriate heights for accessibility.

Disabled –friendly washroom

3. **Display boards and signposts:** The signage posts for physically disabled individuals on the college campus serve to provide clear navigation and accessibility information. These signs are strategically placed to guide individuals with disabilities to accessible facilities and areas. By displaying these signs prominently, the our college promotes inclusivity and ensures equitable access for all members of the community.

4.   Screen reading software for Divyangjan:

Central Library of SSCET provides Job Access With Speech (JAWS) Software to support individuals with disabilities. JAWS is specialized computer screen reading software designed for Microsoft Windows, enabling blind and visually impaired individuals to access screen content through text-to-speech output or via a refreshable Braille display.JAWS enables the visually challenged to browse through large documents easily with the use of this feature.
